

SAUNA^o

by THERMORY[®]

Thermory's top quality wood products have been on the market for 25 years. In addition to sauna material, prefabricated elements and accessories, our product range includes a reputable selection of sauna doors.

o Both simple, classic solutions and more modern styles are available as standard.

o You can find the perfect solution for your sauna room by combining various quality handles, door hinges and locks*.

*Locks can only be combined on Trendline doors.

DOOR MAINTENANCE

1. Before using the sauna, we recommend treating the wooden surfaces of the door with a treatment product meant for protecting wooden surfaces in a sauna.
2. Regularly check the condition of the hinges and lock fastenings. If necessary, tighten the hinge bolts or adjust the lock.
3. Avoid water constantly running on the door frame and excessive moisture.
4. Clean the door glass regularly using a glass cleaner. Avoid abrasive cleaning products that could damage the glass surface.

ADDITIONAL INFORMATION:

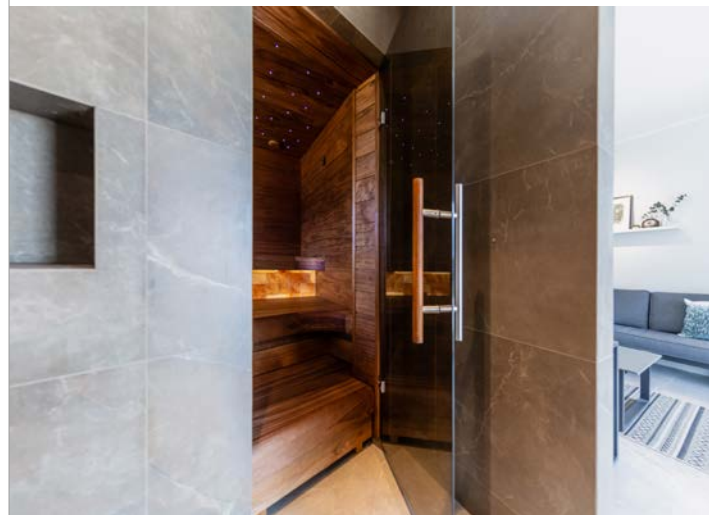

- All Thermory doors come right-handed as standard but can be altered during installation.
- Please contact our sales department for additional information about our prices and terms.
- We also manufacture doors with frosted glass, special sizes and other made-to-order details on request.

Thermory's installation and maintenance instructions can be found on our website www.thermory.com.
